MARINE CORPS BASE BULLETIN 7100

From: Commander

To: Distribution List

Subj: FISCAL AND SUPPLY CLOSEOUT INSTRUCTIONS FOR FY 05

Ref: (a) MCO 4443.11

Encl: (1) Military Standard Requisitioning and Issue Procedures  
(MILSTRIP) Requisitions and Deadlines  
(2) Deadlines for Accelerated Input of Fiscal Data  
(3) MCB Form 7132/2 (EF), Nonlabor Reconciliation Sheet for  
Standard Accounting, Budgeting, and Reporting System  
(SABRS) and Memorandum Records

1. Purpose. To provide FY 05 guidance for submitting requisitions, related documents, and reports for all MCCDC operating budgets and allotments, including: Family Housing; Navy Working Capital Fund (NWCFF); Procurement, Marine Corps; and other funds derived from sources other than the operating budget. All tenant activities outside the MCCDC operating budget are excluded from these instructions, however, they should remain aware of dates associated with the closing of the official accounting records. Separate guidance will be issued at a later date regarding reconciling and closing out reimbursable accounts.

2. Information

a. Routine procurement, including but not limited to open purchases, issues from the supply system, TAD, and Governmentwide Commercial Purchase Card (GCPC) purchases, will be discontinued at the close of business (COB) Wednesday, 31 August 2005. After that date, all purchase requests will be forwarded to the Comdr MCB (B 181) for funding consideration and potential approval. Unless funding sources have been exhausted, emergency requirements will generally be approved. Emergency requirements are defined as those that cannot be reasonably deferred until the new FY due to health, safety, legal, or other compelling reasons. All requests will be considered on a case-by-case basis. The ability of the Regional Contracting Office-Northeast (RCO-NE) to execute purchases in a timely manner may affect whether or not a given request can be approved.

31 May 05

(1) After COB Friday, 9 September 2005, all requisitions and orders will contain a Financial Information Pointer, a Julian date of 1 October 2005 and, where applicable, a Job Order Number (JON). Exceptions will be approved only by the Comdr MCB (B 181). Procurement action cannot be initiated prior to 1 October 2005 when citing new FY funds. Care should be taken to ensure FY 06 requisitions are not mistakenly entered as FY 05 business. All contractual requirements obligating FY 06 funds, to include annual renewals and options, must have an FY 06 standard document number. Block travel order numbers will no longer be used for TAD orders since the SABRS can now run travel for 2 years simultaneously during the closeout period.

(2) The Comdr MCB (B 181) will review and approve all bulk fuel issues from the fuel farm. Bulk fuel issues required by fund administrators (FA) will be delivered by Facilities and Logistics Services Section, G-5 and Materiel Readiness Branch, G-4 utilizing the following schedule: (This schedule will be strictly adhered to.)

#2 Fuel Oil	- Monday
Diesel	- Tuesday
Gasoline	- Wednesday

b. Enclosure (1) contains final deadlines for submission of MILSTRIP requisitions. Activities processing MILSTRIP requisitions using Supported Activities Supply System (SASSY) or Asset Tracking Logistics and Supply System are subject to the dates prescribed in enclosure (1). The following exception applies:

<u>ORGANIZATION</u>	<u>CUTOFF DATE</u>	<u>RECONCILIATION</u>
Most Efficient Organization (MEO) (See note.)	9 Sep 05	12 Sep 05

NOTE: The MEO will coordinate year-end spending with the Designated Government Representative (DGR) Section where appropriate.

c. TECOM, Combat Development Center, and the MEO will submit a detailed spending plan for September that clearly shows how available funds will be obligated. The TECOM plan will indicate the remaining authorization amounts to be transferred to non-MCCDC training entities and the dates in September by which this will be accomplished. TECOM will also include a separate plan for the worldwide travel account due to implementation of revised accounting procedures. Plans will be submitted in writing no later than COB 22 August 2005 to Comdr MCB (B 181). After review and concurrence by the Comdr MCB (B 181), a decision will be made regarding which organizations will be allowed to process requisitions through the cutoff dates noted without coming through the Budget Branch.

d. The estimated purchasing and contracting lead times and prescribed dates for various types of contracting actions and dollar thresholds, except the NWCF, will be published in a MCB bulletin in the 4200 series.

### 3. Guidelines

a. During the closeout process, requisitions and other orders submitted must be essential for use in FY 05 or critical to commencement of operations in the first quarter of FY 06. To ensure an orderly closeout and the proper use of limited funding, it is absolutely essential that FAs plan ahead and purchase wisely based on historical trends. All day-to-day consumables (i.e., paper, pens, toilet paper, other janitorial items, copier supplies, and other similar items) must be procured prior to COB Wednesday, 31 August 2005.

b. Requisitions for items that require assembly/installation ordered from a commercial contractor will cite FY 06 accounting data to cover the entire requirement. When items require only assembly/installation, the chargeable year will be governed by the anticipated assembly/installation date. Assembly/Installation prior to 30 September 2005 will be charged to FY 05 and, if after 30 September 2005, to FY 06.

c. Items to be requisitioned should be documented as previously identified requirements in the annual financial plan or approved deficiency listing. New requirements must be supported by a justification statement within the requisition or attached thereto.

d. Requisitions for items in quantities that exceed normal consumption or stock levels that meet the criteria in the reference must contain a statement of the facts surrounding the need to order such quantities. Each requisition will contain an urgency of need designator. Each requisition will be processed on a case-by-case basis.

e. A functional system comprised of multiple components will not be ordered on separate requisitions to avoid funding constraints or to circumvent guidance from higher authority.

f. Requisitions must be properly coordinated to conform to existing directives or instructions as to allowances, facility requirements, or other related matters to preclude delay in placing the item or items in use immediately upon receipt.

g. Requisitioners must have positive internal controls in place or programmed to ensure items requisitioned are, in fact, received per specifications and placed into operation at the earliest date.

31 May 05

h. Requirements for routine open purchase requests are contained in a MCB bulletin in the 4200 series.

i. With the exception of the organization in paragraph 2b (Subsistence-in-Kind surcharge, Forestry, Recycling, and Agricultural Outlease funding), unobligated and unreserved fund balances will be considered as withdrawn and consolidated for execution purposes. After COB Wednesday, 31 August 2005, the balances withdrawn are not available to FAs for obligation. The Comdr MCB (B 181) must approve any obligation(s) after 31 August 2005.

j. Access into SABRS will be restricted after COB Wednesday, 31 August 2005, to keying of corrections and input of commitments/obligations for requisitions approved by the Comdr MCB (B 181). Exceptions are defined in paragraph 2b. Input of commitments/obligations not preapproved are not permitted. This will continue until COB Friday, 9 September 2005. All obligations issued prior to this date must be entered into SABRS by 9 September 2005. Access for any other purpose and access after 9 September 2005 will be granted by the Comdr MCB (B 181) on a case-by-case basis. After 9 September 2005, only the Comdr MCB (B 182) will have access into SABRS for completion of FY 05 business. FAs requiring assistance with FY 05 business after 9 September 2005 will contact Comdr MCB (B 181) for further guidance.

k. Printing request balances will be reviewed during the month of August 2005. Obligations in the system for printing should be adjusted to equal the amount expensed, unless a balance is needed for printing jobs anticipated for the month of September.

l. Allocated charges for copier services will be reviewed during the month of July 2005. FAs must ensure that there is a sufficient authorization available to cover anticipated charges for August and September bills.

m. Credit card purchases should be immediately manually obligated in SABRS rather than waiting until items ordered have actually been shipped. Citidirect should be checked daily for charges posted to SABRS, then any manual obligations should be adjusted accordingly. FAs should take appropriate action to ensure obligation of planned September travel, including local travel.

#### 4. Action

##### a. Fund Administrators

(1) Disseminate the contents of this bulletin to all personnel concerned with fiscal/supply management and comply with the procedures as outlined herein.

31 May 05

(2) Ensure obligation of no less than 84 percent of funds by 29 July 2005.

(3) Report surplus funds beyond requirements to the Comdr MCB (B 181) for reprogramming as soon as surplus becomes evident.

(4) Subsequent to the cutoff dates prescribed herein and by the AC/S G-4, ensure that the appropriate level of management certifies purchases and ensures that they are within acceptable year-end closeout guidelines.

(5) Ensure all commitment and obligation documents (e.g., DD Form 1149 (EF), Requisition and Invoice/Shipping Document; NAVCOMPT 2276 (EF), Request for Contractual Procurement; travel orders; contracts; etc.) and obligations produced by SASSY are entered into SABRS by COB Wednesday, 31 August 2005. Procurement actions keyed into Procurement Request Builder will be processed into the Standard Procurement System and obligations will be generated to SABRS for all committed transactions via RCO-NE. Citidirect will create obligations to SABRS for GCPC purchases via Citibank. Accordingly, all error listings must be worked and correction entries posted in SABRS no later than COB Wednesday, 31 August 2005. After COB Wednesday, 31 August 2005, SABRS input will be subject to guidance provided in paragraph 3j above.

(6) After 31 August 2005, ensure that only civilian labor distribution, equipment usage, and accruals for the months of August and September 2005 are entered into SABRS no later than the dates indicated in enclosure (2). The only exception will be those FAs specifically authorized by the Comdr MCB (B 181) to enter transactions after those dates.

(7) Accomplish reconciliation of fiscal records. HQMC requires a monthly validation of unliquidated obligations during the last quarter of the fiscal year for all open appropriations. To ensure appropriate management oversight, each submission will be endorsed by the appropriate director/deputy director or CO/XO. It is mandatory that unliquidated obligations reports be reconciled and forwarded to Accounting Liaison Branch (ALB) by the following schedule:

<u>MONTH</u>	<u>TO FAs</u>	<u>RETURN TO ALB</u>
July 2005	23 June 2005	6 July 2005
August 2005	21 July 2005	5 August 2005
September 2005	19 August 2005	9 September 2005

(8) Submit enclosure (3) to Comdr MCB (B 181) by COB Monday, 1 August 2005, for period ending 31 July 2005; and by COB Thursday, 1 September 2005, for period ending 31 August 2005. Extensions on due dates will not be granted.

31 May 05

(9) Identify problem areas which may occur to the Comdr MCB (B 181) as soon as possible.

(10) Ensure that all self-service buys during FY 05 have been processed into SABRS.

(11) Ensure that a primary or alternate fiscal point of contact, with an appropriate level of familiarity regarding fiscal matters, is available for consultation during the period of 1 September through 1 October 2005.

(12) FY 00 will become an expired appropriation after 30 September 2005. FAs should note that after 30 September 2005, any requirement for reverted funds for FY 00 and earlier will be charged to FY 06 funding.

(13) Ensure all commitments and obligations for annual appropriations are equal before year-end.

(14) Ensure all reimbursable order records are accurate and reflect the current status of valid obligations and accrued costs.

b. Assistant Chief of Staff, G-4

(1) The Head, Materiel Readiness Branch will furnish back order validation listings for NWCF to Comdr MCB (B 182) no later than 31 August 2005.

(2) Comply with the time frames established by the CG MCLB, Albany, GA for the update of stores data. The final Direct Support Stock Control Section update for September 2005 transactions will be processed on 16 September 2005, unless otherwise specified by Comdr MCB (B 181). All outstanding FY 05 transactions will be processed by this date.

c. Director, Regional Contracting Office-Northeast

(1) By 31 August 2005, advise the Comdr MCB (B 181) of all known procurement initiatives which will not be completed by 30 September 2005.

(2) Coordinate with Comdr MCB (B 182) on a daily basis to inform them of transaction process failures and to provide copies of all transactions for appropriate input.

(3) Execute price changes on approved requisitions provided the difference does not exceed \$100.00 above or below the original cost estimate.

d. Assistant Chief of Staff, G-5

(1) Head, DGR/Operations sections, Public Works Branch will update SABRS table OF2 with 14-digit JONs for requirements placed on shop stores.

(2) The Utilities Officer, MEO will coordinate efforts to obtain current electric meter readings from Dominion Virginia Power and natural gas meter readings from Commonwealth Gas on or before 2 September 2005.

(3) The Head, Public Works Branch will, by 31 August 2005, advise the Comdr MCB (B 181) of all known procurement initiatives which will not be completed by 30 September 2005. The Head, Public Works Branch will work closely with the Comdr MCB (B 181) regarding Requests for Contractual Procurement (RCP) submitted for processing. After 31 August 2005, only RCPs approved by the Comdr MCB (B 181) citing availability of funds will be processed. The Head, DGR/Operations sections and the Head, Public Works Branch are required to reconcile outstanding RCPs. To support and maintain the closeout schedule, the reconciliations must be provided to Comdr MCB (B 181) no later than by COB Thursday, 15 September 2005.

e. Assistant Chief of Staff, G-6. Process copier and telephone allocated charges for August and September by the last cycle of SABRS for the month of August 2005.

f. Director, Comptroller Division

(1) The Head, Budget Branch (B 181) will verify receipt of reconciliation reports submitted by FAs, including reconciliations of RCP from DGR Section.

(2) The Head, ALB (B 182) will accomplish the following:

(a) Fiscal data maintained by DFAS-KC will be made available to FAs for data processed for the months of August and September 2005 to date.

(b) Verify receipt of Unliquidated Obligation Validation Reports submitted by FAs.

(c) Ensure all Negative Unliquidated Orders and Unmatched Disbursements are resolved by fiscal year-end.

(d) Input obligations after cutoff date of 9 September 2005.
